

Nomination Submittal Dates and Submittal Policy

Department of Archaeology and Historic Preservation

Consultants, Nomination Authors, Sponsors and CLG Coordinators, please make note of the following procedural policies, meeting dates, and deadlines for submitting National Register and Washington Heritage Register nominations to the Department of Archaeology and Historic Preservation (DAHP).

NOMINATION DRAFTS: Nomination authors are required to submit nominations in draft forms before the final submittal deadline. This will enable DAHP staff to provide a constructive review and offer suggestions for any needed revision. If the nomination is within a Certified Local Government (CLG), the final nomination will be forwarded to the CLG by DAHP staff.

Important: *A nomination submitted for the first time by the submittal deadline will not be guaranteed placement on the upcoming agenda of the Washington State Advisory Council on Historic Preservation (ACHP). The State Historic Preservation Officer reserves the right to schedule only those nominations considered complete and proficient for consideration by the ACHP.*

SUBMITTAL DEADLINES: Completed nominations, including *all* required elements (See list below), must be received by the following dates. **No exceptions will be made, and faxes will not be accepted.**

CLG REVIEW

The National Historic Preservation Act requires that nominations for properties located within Certified Local Governments (CLGs) be reviewed by the local historic preservation commission prior to consideration by the ACHP. DAHP will forward National Register nominations to the appropriate CLG for review at least 60-days prior to the next scheduled ACHP meeting. It is the responsibility of the CLG to review the nomination at a public meeting of the historic preservation commission and then forward their recommendations to DAHP on the "Certified Local Government National Register Nomination Evaluation Report Form". The 60-day review period may be expedited with concurrence of both the SHPO and the CLG. Expedition of the process does not preclude the local historic commission's review of the nomination, rather it simply shortens the 60-day review period.

The state shall proceed with the nomination process, subsequent to CLG review, under the following conditions: 1) if both the commission and chief local elected official recommend that a property be

nominated to the National Register, 2) if the commission and the chief local elected official fail to agree on a recommendation, or 3) if the SHPO does not receive a report and recommendation before the end of the 60-day review period.

In the event that both the local historic preservation commission and the chief local elected official recommend that a property not be nominated to the National Register, the SHPO shall take no further action on the nomination unless the application for nomination is appealed.
